

Local Runway Safety Team Training

9 June 2010
Helsinki

IFALPA Training

Safety Week 2010

Airport Liaison Representative Programme

ALR

AB

The Local Runway Safety Team (LRST) initiative is proving to be one of the most effective means of developing a safe 'pilot friendly' airport. This course is designed to equip pilots with the knowledge and background information they need to become effective members of LRSTs, as well as effective pilot representatives in airport matters.

It is also the first step to accreditation as an IFALPA Airport Liaison Representative (ALR). The Seminar includes practical exercises and will cover all the facets of the airport environment and airport/aircraft interface.

The seminar content includes:

Introduction to ALR Scheme and its aim and objectives

The role of the LRST

Runway incursion prevention

Runway excursion mitigation strategies

Rescue and Fire Fighting/ Post accident survivability

Visual aids refresher

Wildlife control and mitigation measures

Legislation for LRSTs

How to participate as a LRST

ALR in action

Course pre-requisites

Completed the IFALPA Safety School and/or

Completed the CBT-based pre course training and assessment*

Motivated to work on your association's air safety team

Approval of your home Association

Who should attend?

New pilot air safety representatives

LRST representatives

** The CBT is carried out via an e-learning portal student s will be given details of how to access the CBT when they register for the LRST.*

Registration Fee

The LRST course is free to attend for pilots representing, and recommended by, IFALPA Member Associations. However, students are responsible for arranging and paying for their travel, subsistence and hotel accommodation.

Course Timings

Wednesday, 11 June 0900-1700

Act Now

Places at the Seminar are limited and will be allocated on a first come, first served basis. To register please and find out more see the IFALPA website www.ifalpa.org or alternatively via email to donnafogden@ifalpa.org

Venue

Helsinki, the capital of the Republic of Finland, is a modern city with over half a million residents and is situated on the Baltic Sea. Lifestyle in the second-most northern capital city in the world is full of contrasts and many kinds of summer activities. For foreigner, Helsinki is a safe and friendly city to visit. English is widely spoken among Finnish people.

Helsinki's identity has been formed by cultural influences from both the East and West. Several architectural layers and the impact of different historical periods can be clearly seen in Helsinki. Finnish design has also made the country's capital city world famous. The beauty of the surrounding nature blends together with high-tech achievements, while old traditions mix with the latest contemporary trends. The archipelago that surrounds Helsinki with hundreds of tiny islands creates an idyllic environment for cruises, for example. The summer in Helsinki is bright. The days are close to their longest in the first half of June. Sun stays above the horizon over 19 hours. The mean daily maximum temperature is 18.9 celsius degrees, but temperatures up to 25 degrees are not a surprise either.

IFALPA has arranged special rates for those attending the LRST with prices from as little as €102 per night including breakfast and taxes. To take advantage of these rates make your reservation by telephone or email quote SLL when making your reservation and book before 20:00 on 20 May.
